## Quilts of Valor Foundation History

Quilts of Valor Foundation began in 2003 with a dream, literally a dream. Founder Catherine Roberts' son Nat was deployed in Iraq. According to Catherine:

The dream was as vivid as real life. "I saw a young man sitting on the side of his bed in the middle of the night, hunched over. The permeating feeling was one of utter despair. I could see his war demons clustered around, dragging him down into an emotional gutter. Then, as if viewing a movie, I saw him in the next scene wrapped in a quilt. His whole demeanor changed from one of despair to one of hope and well being. The quilt had made this dramatic change. The message of my dream was:

Quilts = Healing".

Each quilt is personally labeled as shown in the photo at right of Amos Chapman's quilt, including the name and location of the quilting group.

## Diedrich Awarded French Legion Of Honor.

Post 8870 member Fred Diedrich received the French Legion of Honor from the French Consulate on Friday September 27 in recognition of his service in France in World War II.

Fred Diedrich with the Legion of Honor .  
We are very proud of Fred, said  
Commander Rose.

Fred was assigned to the 508<sup>th</sup> Parachute Infantry Regiment (Red Devil's), who with other paratroopers, parachuted into Normandy several hours ahead of the storming of the beaches on "D Day" in June of 1944. Their immediate objective was to capture the town of Sainte-Mere Eglise and then to secure crossings at the Merderet laFiere and Chef-du-Pont Rivers. Like most paratroop units that participated in Operation Overlord, they were dropped at wrong locations and experienced difficulty in linking up with each other as planned. Despite huge obstacles, Fred and his unit remained in contact with the Germans until being relieved in early July.

They then participated in Operation Market Garden, an Allied effort to shorten the war by seizing control of strategically located bridges leading to Germany. On 17 September 1944, Fred's Regiment jumped into Holland with orders to seize control of the Nijmegen Bridge. After securing the bridge at Nijmegen and engaging the Germans for six weeks, the Red Devils moved south to the Ardennes and combat operations in the Battle of the Bulge. Fred participated in the defense of St.

Vith. They successfully defended the city and delayed the German advance until mid-December when the unit was ordered to fall back.

The Marine Corps was founded to serve as an infantry unit aboard naval vessels and was responsible for the security of the ship and its crew by conducting offensive and defensive combat during boarding actions and landing parties as well as defending the ship's officers from mutiny.

## Reporting Your Service as a VFW Member

Every month, the Post reports to the Department of Washington on the number of hours and dollar value of our service to the Community as members and as a Post.

**The form shown below is provided to guide you in reporting your activities.** Essentially, anything you do in the way of service **to the community as a member of VFW and Post 8870** is reportable. This form should act as a guideline to help you report your activities and contributions. Note that the form is in two basic parts: 1. Hospital and 2. Community. The key to the Hospital is section the word 'Hospital'. If it is doesn't happen in or connected with the hospital or nursing home it doesn't belong on this report. You may submit your report to the Guard (as we have been doing) as you come in to the Post meeting or you can email it to Post Surgeon Jay Hansen, ([surgeon@vfw8870.org](mailto:surgeon@vfw8870.org)) A copy of this form will be at the front desk to help you identify reportable items. Address questions to Surgeon Hansen, or Commander Gilliland. **PLEASE WRITE**
